KALIS DRY COOLING HELMET PAD

The new patent-pending Dry Cooling technology is designed to provide enhanced cooling comfort for the wearer. The Kalis dry cooling system is shown to keep the wearer 15°C/27°F cooler than ambient temperature and completely dry. It provides up to four times longer cooling when compared to wet cooling products.

ATTRIBUTES

- Keeps the wearer 15°C (27°F) cooler than ambient temperature
- Up to 5 times in-use life*
- 100% dry
- Anti-bacterial and machine washable
- Utilises technology found in the high end sports industry

STANDARD
